

# KELLY BROUHAHA

SINGER SONGWRITER 2011 - CURRENT

## BIOGRAPHY

"She's known for having an extraordinarily rare voice" - CLARE BOWDITCH

The South Australian Award Winning Songwriter is one of those artists who's unique style simply cannot be put into a box. From big blues to soulful country, it is music that is real and raw and vulnerable.

"it's just so much fun, that girls got amazing pipes, she sounds like Amy Winehouse - but with more of a soulful edge as opposed to a jazz hook" NKECHI ANELE - TRIPLE J ROOTS AND ALL

Releasing her debut album in 2019, the Americana artist has had many a success including ABC radio rotation, #1 AMRAP radio charting and inclusion on hit country Spotify playlists.

A sought after session musician, she's also known for lending Backing Vocals, Percussion & Guitar duties to some of the countries finest including Beccy Cole, Lyn Bowtell & Amber Joy Poulton.

Whether around a campfire, in RSL's or in the intimate setting of people's living rooms - this is an artist you simply need to hear. Her captivating live show will have you giggling one minute and in tears the next as she tells stories about her travels, her family and her much loved 1992 Toyota Hiace "Pamela Vanderson".

"I really don't know if we have anyone similar in Australia, I am pretty sure that we don't. She has similar elements of other artists from overseas, and maybe a touch of Renee Geyer, but basically, she is a one-off. In a close tunnel genre in Australia, Kelly is Queen. She is a no-nonsense, firebrand" COWGIRL UP BLOG

## WHY HIRE ME ?

I'm a person that dives in , gets my hands dirty and puts out fires before you realise they are happening. I am skilled at working under-pressure, with a great talent for managing resources & budget constraints whilst pulling off impossible feats with a smile on my face and a calm and pleasant demeanor.

I am exceptionally capable in the live music arena across many roles - with a flare for programming, artist liaison and creative producing. I will admit that while my organisational skills are my superpower, **multi-coloured spreadsheets are my passion.**

Enjoying a career on both sides of the stage, I understand artist's from an artist's perspective with a unique view into the LGBTQIA+ audience spending much of my career tour managing Australian legend Beccy Cole.
